Overview

Meticulous Web and Graphic Designer who's excellent at juggling multiple tasks and working under pressure. Broad industry experience includes Culinary Management, Manufacturing and Web & Graphic Design. Software experience includes Adobe CC, not limited to Photoshop, Illustrator and After Effects yet continuously learning more. My skill working with WordPress has grown tremendously, allowing me to design with Technical SEO in mind. I know my way around HTML and CSS, JavaScript is the next programming language I'm working on learning as well as Python & Swift for app development.

Education

The Art Institute of Pittsburgh – Online Division • 2014

Pittsburgh, Pennsylvania, United States

Web Design and Interactive Media Associate of Arts

Kent Career Technical Center • 2004

Grand Rapids, MI, United States

Graphic Design Certificate of Completion

Experience

Freelance Web & Graphic Designer

July 2014 to Present

Self Employed – Grandville, MI

After graduation I had more graphic design work but ever since I completed my internship I've been working on websites and doing graphic work where needed. Keeps me busy and I love doing it.

Web Design Intern

November 2014 to January 2016

Blizzard Internet Marketing Inc. – Glenwood Springs, CO

Developing and maintaining WordPress websites for the Vacation Rental industry at a high volume agency. Responsible for design maintenance and changes while being the first point of contact for customer service for 40+ clients.
